About Digital Empowerment Foundation

Founded in 2002, Digital Empowerment Foundation has been working to empower marginalised and unconnected communities living at the edge of information by enabling them with digital capacity, access and rights across the pillars of education and entertainment, livelihood and finance, health and agriculture, culture and heritage, with a special focus on digital rights for women, persons with disabilities and the youth.

2,000 digital resource centers have been established and the next 1,000 will be running by 2025

2,000 SoochnaPreneur centres are run by women and PWD entrepreneurs in remote locations

VERTICALS

DEF works in six pillars to make technology easily accessible to the masses, to empower women, youth, persons with disabilities and the elderly through providing functional digital literacy, media literacy, and digital up-skilling across agriculture, micro and nano-business, health, education, livelihood, and entrepreneurial skills.
